- ➊ Take the side road at 30 S 296285 4035914.
- ➋ Go straight on at 30 S 296557 4038743 where a green barrier prevents cars from entering.
- ➌ Take the left fork at the junction at 30 S 296284 4038845.
- ➍ Great views from the Mirador (viewpoint) here at 30 S 295426 4036700.
- ➎ Refugio at 30 S 295577 4036936. From here the descent path is steep, uneven and difficult in places.

**Conditions:** medium distance, 1,200 ft ascent/descent, uneven surfaces, steep descent from Refugio with uneven path, difficult in places.

This circular route begins and ends near the Restaurante Laura. The road leaves the main road at ➊, climbing along a well surfaced track until arriving at the **Puerto de las Viñas**. At ➋ go straight on, taking the left fork at ➌ (unless wishing to visit the Cerro de las Chapas en route). Soon after the route turns southwards, towards the Refugio (mountain hut) Before passing the Refugio, take a path to the right, signposted to the Mirador at ➍, from where there are fine views. From the Refugio at ➎, which is situated on the east facing side of the valley, the descent is via a steep and uneven path, leading down to the road. A walkway takes us along the road back to the starting point.

The route offers magnificent views of the **Sierra Crestellina** and the **Monte del Duque**. At the beginning of the route we pass by the 18<sup>th</sup> century **Fountain of La Arquita**. The route is surrounded by the typical vegetation of Mediterranean forest gall and holm oaks, pines, carob trees, mastic trees, etc.

We also get the opportunity to observe the flight of the **griffon vulture**, which has an important colony in this sierra.

The route is also covered in one of the guided walks from **EcoTourCasares**: "[De Sierra Crestellina a Lacipo](#)".
